## **“We’re not the only ones worshiping without electricity in the world today.” –Ryan Young**

February 2025

Hi, my name is Matthew Henderson, and I have the privilege to serve as the NextGen Pastor at FBC Duncan. I’ve been serving there for 3 years, and it is amazing to see God do incredible things from a front row seat. I got to watch him firsthand do incredible things on January 8th at our midweek event through this ministry.

January 8th started as just a normal midweek service, but the difference was we had Ryan Young as a guest speaker. Ryan served as a student pastor at the same church in the early 2000s. In fact many of my Student Worker Volunteers were his students when they were a teenager. It was incredible to watch him bring such passion to the gospel and care so much for the lost students at our ministry. 9 students got saved that night. WOW!!

We rejoice in these students’ lives! We have a saying in our student ministry, “there’s only one thing better than going to heaven, that’s taking a friend with you.” It was amazing seeing our students celebrate that!! But God wasn’t done!

This Sunday, Ryan got the opportunity to speak at our Sunday morning service. Sadly, the electricity went out before Sunday School. We still had church, and the beauty of seeing how the Holy Spirit utilized that time of worship was amazing. No lights, no sound system, no heater, no nothing, except our hearts and God. I’ll forever remember that worship time, and I appreciate Ryan’s ability to utilize that time. He helped us see God is always there, no matter what our surroundings dictate, and again brought a powerful word through the gospel!

I’ve never regretted having M516 come and serve our ministry. I always know there will be passion, a desire to help save the lost, and truth shared. Ryan is doing amazing things, In Christ’s Name!
